

RESEARCH QUESTIONNAIRES

INTRODUCTION

The researchers are Lecturers of Federal Polytechnic Mubi, Adamawa State and University of Benin, Nigeria. We are conducting this research with the aim of determining the ownership, perception and level of ITN usage for the prevention of malaria among students of Federal Polytechnic Mubi, Adamawa State.

All information you would supply me in this exercise would be used purely for research purpose. They would never be used against you now or in future. They would be handled with care and confidentiality.

I am therefore expecting your cooperation and sincerity in answering all the questions contained in this questionnaire.

BIODATA

1. Age as at last birth date.....
